Date/Time: 06/24/1999 9:35 a.m.

Site Contact(s): Ted Hopkins **Phone:** 966-7652

Regulatory Contact: Chris Gilbreath, CDPHE **Phone:** 692-3315

Agency: CDPHE

Purpose of Contact: Phone call to Chris Gilbreath regarding movement of equipment from B883/865 to other RFETS buildings for re-use.

During the Wednesday, Tim Hedahl/RMRS Operations Meeting, Gary Konwinski gave a status update on B883/865 and pointed out that B707 had requested a drum crusher and other buildings had requested air movement systems (HEPA filters etc.) from his buildings. This equipment was hard plumbed into the air ventilation system. Gary felt that this equipment was not subject to RFCA requirements as it was not a waste, is not being recycled but is simply a movement/allocation of DOE equipment from one building to another for use. Brian Mathis suggested that I make a courtesy call to Chris Gilbreath and let CDPHE know about the movement and disposition of this equipment.

As requested, I phoned Chris Gilbreath on Wednesday but was only able to leave a message on his voice mail. On Thursday morning, I reached Chris. I explained that various buildings throughout the Site had identified certain excess equipment in the B883/865 complex as being essential to the Site's mission. These buildings had requested that this equipment be removed and sent to their buildings for use. B707 requested a drum crusher; and other buildings had requested air movement equipment (HEPA Filters, etc.). Chris stated that he had no problems with this type of removal and reuse of equipment on-site.
